

Hi clients and friends, the last few months have been very exciting at Herramientas Industriales, Inc. We have a new management, renewed our offices, increased our inventory and expanded our product line to serve you better.

We are happy to announce that one of the new product lines added to our ever-growing business is the already well-known Craftsman Professional, the #1 hand tool in the USA.

Why is Craftsman #1 ?

Ever since their introduction in 1926, America has trusted Craftsman tools for dependable quality, outstanding value and versatile selection. Now after 75 years, Craftsman still keeps expanding the boundaries with constant innovation and higher standards of quality and performance. Craftsman tools help people of all experience levels work easier, faster and with excellent results.

Please call us at 787-750-4820 or 787-750-2410 to coordinate a visit to present you the whole line of Craftsman Professional, hand tools, power tools and accessories at unbeatable prices and excellent service.

And please do not forget our other lines, and thanks for your loyal support.
